

Plant Dane!

Cost-Share Program for rain garden projects in Dane County

You can make a difference...

by installing rain gardens. The Plant Dane! Cost-Share Program helps you by providing native plants at a greatly reduced price.

Apply online at myfairlakes.com.

Rain gardens help rain and melting snow soak into the ground instead of washing pollution to the nearest lake or stream. Apply today to the Plant Dane! Cost-Share Program so you can install your rain garden and help Dane County's lakes and streams!

"In Dane, only the rain goes down the drain."
