## INVESTIGATIVE UNIT REPORT

During the month of October, the Investigative Services Bureau (ISB) reviewed 70 cases and 16 of those were assigned to detectives for follow up. The assigned cases consisted of sexual assaults, death investigations, thefts, drug investigations, robbery and burglary.

One of the most significant cases investigated this month was a robbery which occurred at a gas station convenience store in the 7500 block of University Avenue on October 19<sup>th</sup>. A quick patrol response and investigation led to the release of surveillance photos very quickly. The photos were sent out over social media and in a press release. Local news stations put up the photos and we started receiving tips almost immediately. With the help of these tips, the suspect was quickly identified, arrested and jailed the following day. This case highlights the benefits of working with the media and the public to solve crimes.

Another substantial call that detectives were involved in was a death investigation on the north side of the City where a male in his early 30's was found. Detectives involved in the preliminary on scene investigation found evidence consistent with an accidental heroin overdose, but the investigation continues pending toxicology reports. Heroin continues to be a substantial problem throughout the Dane county area and beyond. For additional information on heroin and its concerns, please visit the National Institute on Drug Abuse webpage at <a href="http://www.drugabuse.gov/publications/drugfacts/heroin">http://www.drugabuse.gov/publications/drugfacts/heroin</a>.

## SCHOOL LIAISON OFFICER REPORT

## Middleton High School Officer Rich O'Connor

In October, there were 45 calls for service requiring reports and/or investigations between Middleton High School and Clark Street Community School. Some of those calls included thefts from the locker rooms, one fight, drug possession and students with disruptive behavior. Officer O'Connor also spent a significant amount of time tracking down owners of lost property that had been turned in to him. He is happy to report that of the roughly 15 items turned in to him, all of those items have been returned to their owners.

October was the month for Homecoming activities at MHS. Officer O'Connor was able to participate in the Homecoming Parade, Spirit Night, the school pep assembly, the Homecoming Football game and the Homecoming dance.

Officer O'Connor was a guest speaker in two Law and Justice classes, and also led a staff meeting on locker room safety. He also helped students make class videos about fighting and reporting drug use in school. Officer O'Connor also helped to update the School District Safety Plan Video this month and gave a two hour presentation to all school staff on how to respond to an active shooter.

## Kromrey Middle School Officer Tom Wilson

October was a busy month of activity at Kromrey Middle School. All of the students transitioned from the old section of Kromrey and started having classes in the brand new school. I spent a lot of the month teaching the GREAT Program to all of the 6th grade students, and started my coordination with the elementary schools to teach K-4th grade students the Keeping Safe Program.

I attended numerous meetings during the month including several coordination meetings for the District wide in-service training. I then assisted in training school staff at Sauk Trail and Kromrey about how to respond to an active shooter situation.

During the month, I also handled several calls for service. These included a sexual misconduct investigation, several theft reports, a weapon violation, a parent disturbance, and a school bus accident.
